Re: MTechnology adv. Switch Ltd. | Keywords

Dear Chris:

Thank you for the draft list of keywords, which you provided on April 12, 2019. I have gone over them with Stephen Fairfax and MTechnology. Given that the list was provided without context, we need to ensure that our assumptions about the draft keyword list are correct. Additionally, we have a few inquiries regarding certain aspects of the draft list. Specifically, can you please confirm and/or clarify the following points:

- The keyword list indicates that the search will encompass documents dated August 6, 2015 to the present. Please confirm that is the criteria.
- With regard to Persons of Interest, is Switch only seeking documents involving these 13 people? If not, what is the purpose of including these individuals on this list?
- Given that numbers 14 and 15 are blank, does Switch anticipate adding additional names. If so, when can we expect to see those names?
- With regard to the Corporations/Entities section, we take the list to mean that OpenText will only be searching for documents to/from one of these entities and documents that reference one or more of these entities. Is our understanding correct?
- Regarding numbers 32 through 34 of the Topics list, what does Switch mean by the inclusion of the phrase "and any other term" in each of these?
- Numbers 44 through 49 of the Topics list appear to be unfinished, and we take the brackets to mean that Switch is still determining potential keywords relevant to these topics. Is that correct? If so, when can we expect to see these additional keywords? If not, please explain Switch's purpose for including them in the keyword list.
- Regarding the "Format" list, we interpret it to mean that Switch is only looking for these types of documents/files. Is our interpretation correct?
